FRANKLIN, March 26 .- A public meeting composed of citizens and Allianceman, principally the latter, was held in the court house at 12 o'clock to-day. It developed that the meeting had been called for the purpose of ratifying the third party platform, but the whole design was thwarted by getting the St. Louis convention platform before the body and adopting it unanimously, when a motion to adjourn carried and the meeting adjourned without even getting the third party platform presented.
